

Welcome to Premier Arches

Premium manufacturer of
arched, angled and bespoke
windows & doors

OUR THREE CORE PRINCIPLES

At Premier Arches, we operate on three core principles to ensure the highest quality arches matched with excellent service.

1. EXCEPTIONAL MANUFACTURING QUALITY

We simply refuse to send products to our customers that are not manufactured to an exceptional quality. This outlook is not only led by our founders Sean, Dan and Tom, but is also engrained culturally through our entire manufacturing team of 40 skilled master craftsmen.

- We provide a stringent training programme for all our master craftsmen
- Our labour turnover rate is typically less than 5% each year
- We quality check every frame that leaves the factory
- We encourage a culture of quality first, speed second
- 98.5% of the frames we sell are 'right first time'

2. CLEAR AND HONEST CUSTOMER SERVICE

We are always honest and upfront with our customers. We manufacture very bespoke and technically challenging products, and occasionally, things won't go exactly to plan. If there's a problem with your order or something you should know, we'll tell you.

- More than 98% of our orders are delivered on time and in full
- Experienced customer service team
- Master craftsmen on hand to discuss technical details directly with you
- Delivery dates confirmed at point of order
- If there's a problem, we'll tell you

3. A MAKE LIFE EASIER OFFERING

We aim to make the complicated world of arched and angled frames simple for our customers. From a slick online pricing and ordering platform to a fully manufactured and glazed offering in most of the major window and door brands, our mission is to make complicated frames a simple and pain-free process for our customers.

- Instant online pricing and ordering
- 'Brand it your way' instant own branded quotes for your customers
- 11 window and door systems available, 8 from stock
- Fully fabricated and glazed frames available, removing the need for shipping profile and glass templates
- CAD drawings available for perfect visualisation

WHO ARE WE?

Premier Arches is led by a team of industry experts with a passion for quality and customer service. Our team brings years of experience in manufacturing and supplying arched and angled frames, ensuring we can deliver the best possible solutions for your project.

Sean Greenall
Managing Director

Sean founded Premier Arches in 2015 and has since successfully seen the company through years of growth, leading by example through a commitment to excellent manufacturing quality and outstanding customer service.

Tom Greenall
Production Manager

Tom manages daily production operations, including scheduling, material control and inventory management. He also oversees quality control procedures and ensures all our arched and angled frames meet our strict specifications.

Dan Maloney
Transport and Stock Manager

Dan oversees the stock of our window and door systems, ensuring our customers have access to high-quality arched and angled frames in any uPVC profile. He's also responsible for our nationwide delivery service fleet of vans.

OUR JOURNEY

2015

Sean, Dan and Tom start up Premier Arches, working from a 4,700 sq. ft. manufacturing facility in Bolton

2022

New online pricing and ordering platform that generates quotes in seconds is launched

New CAD service launched, helping customers see beforehand the exact product they're getting

Optima from Profile 22 is added to Premier Arches' product portfolio to match a growing customer base

New 2,000 square foot mezzanine is added to Premier Arches' factory, bringing the facility to a total 12,000 sq. ft.

2024

A significant investment in machinery ramps up production and efficiency

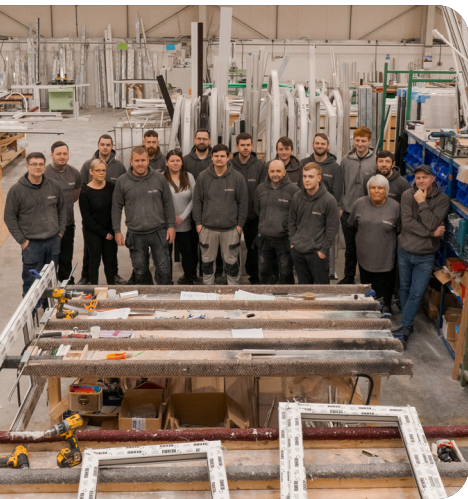

2023

Seven new fabricators are hired, bolstering production and capacity

2019

The business grows and relocates to a 10,000 sq. ft. facility in St Helens

WHERE ARE WE GOING?

At Premier Arches, we're committed to exceeding your expectations and continually innovating the arched window and door industry. To meet our growing customer base, we plan to expand into a larger facility, which will allow us to increase production capacity and ensure timely deliveries. We're also constantly striving to improve our product offerings and services.

TRUSTED PARTNERS

As part of our 'make life easier' principle, we are proud to have formed trusted partnerships, allowing us to offer arched and angled windows and doors in a wide range of industry leading systems, fitted with a wide range of hardware and ironmongery options.

OUR TOOLS

ONLINE PRICING AND ORDERING PLATFORM

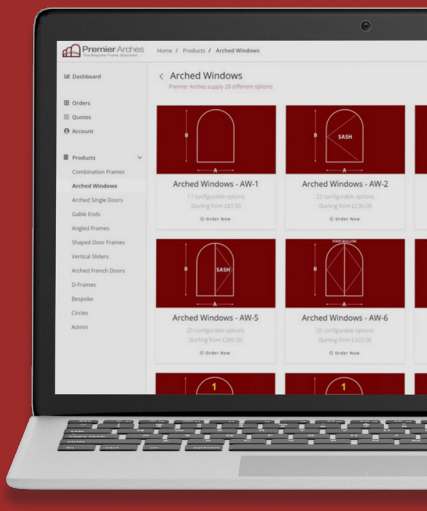

At Premier Arches, we understand the importance of efficiency and professionalism. That's why we've revolutionised arched and angled frame ordering with our industry-leading online platform.

Through the unique platform, you can price and order complex arched and angled frames in a wide range of profile systems in a matter of seconds.

You can also save your quotes and view your orders through a unique portal on our website, taking full control of your ordering process.

BRAND IT YOUR WAY

We've now updated our online pricing and ordering platform to allow you to add your own logo and selling price to quotations for a more personal and professional customer experience.

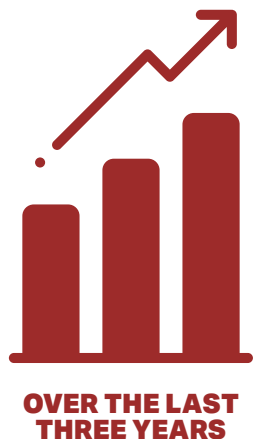

This powerful tool empowers you to:

- **Generate instant quotes:** Get accurate pricing and technical information for complex arched and angled frames in seconds, across a wide range of profile systems.
- **Personalise your brand:** Present a professional image with the ability to add your own logo, selling price, colour scheme, and quote footers to quotations. Deliver branded quotes to your retail or trade customers with ease.
- **Save and manage orders:** Take control of your ordering process. Save quotes, view order history, and manage your account through a dedicated portal on our website.

WHAT DO OUR CUSTOMERS SAY?

"We have a good working relationship with Premier Arches and use them for all our arched, angled and bespoke frames. We very rarely have quality issues with orders received, and if any, they are resolved quickly."

Euroglaze

"Whenever we need arched or shaped frames, Premier Arches is always our first port of call. They provide an excellent service, quality products and are very easy to deal with. Highly recommended."

Emerco Ltd

"Premier Arches provide fantastic product quality, ease of instant online quoting and simple ordering of glazed frames without delay dealing with templates, and stand head and shoulders above other suppliers we've used for our arched and complex angled frames. We have been using Premier Arches for over six years and I wouldn't hesitate in recommending them."

Stevenswood Trade Counters

"Premier Arches produce a well put together product with great customer service, all for a reasonable price."

Team Frames

"I was impressed by the quality of windows supplied by Premier Arches. I am happy to say that they have impressed me with quality and pricing also."

United Windows & Conservatories Ltd

"Great guys to deal with, always friendly, helpful and professional. Highly recommended."

GoDirect Ltd

COMPLETE BESPOKE GLAZING SOLUTIONS

We understand the demands of our busy customers. That's why we don't just offer bespoke frames in leading systems – we can deliver fully fabricated frames, complete with glazing, right to your door.

Our comprehensive service extends beyond glazing. We can also supply frames pre-fitted with sashes, accessories and composite door slabs.

ELIMINATE GLASS TEMPLATING ERRORS:

We handle the precise glass cutting, ensuring a perfect fit every time.

STREAMLINE YOUR PRODUCTION:

Skip the time-consuming process of finishing arched frames in-house.

REDUCED SOURCING HASSLE:

No need to waste time and resources finding glass units. We can take care of everything.

EFFORTLESS EFFICIENCY:

Focus on your core business while we handle the complexities of shaped or bespoke glazing.

REDUCED COSTS:

Eliminate the need for additional equipment, labour, and glass sourcing.

FASTER TURNAROUNDS:

Get fully glazed frames delivered quickly and efficiently.

UNMATCHED QUALITY:

Our commitment to precision ensures a flawless finished product.
